FROM THE COMMANDER'S DESK

A Special Recognition for William Betts & Trigger

Friendship • Service • Dedication

William Betts and Trigger during the recognition presentation at Post 500.

It was a special evening at Speedway American Legion Post 500 as our Judge Advocate, William Betts, and his service dog, Trigger, received a plaque of recognition from Semper Fido K9 Basics of Marlton, New Jersey.

The plaque recognizes William and Trigger for their years of friendship, support, dedication, belief in the organization's mission, and the connections they have built that have touched countless lives. Their relationship with Semper Fido spans 2018-2026 and reflects an ongoing commitment to supporting veterans and carrying forward the organization's mission.

"Helping Veterans One Dog at a Time"

The award was presented to William and Trigger by Sons of The American Legion National Commander of the Northeast Henry F. Hasselhan and Sons of The American Legion National Sergeant at Arms Robert Bascou.

For Post 500, recognition like this is especially meaningful. William's service as our Judge Advocate is only one part of the difference he continues to make. Together, William and Trigger have built friendships and connections that extend well beyond the walls of Post 500 and continue to support a mission dedicated to veterans.

The plaque presented to William Betts and Trigger by Semper Fido K9 Basics.

Congratulations, William & Trigger!

Thank you for continuing to represent the spirit of service, friendship and commitment that Post 500 is proud to stand behind.
